

**HEALTHPRO HERITAGE (HPH)** is actively searching for strategic partnerships and companies like yours to join the team

**HealthPRO Heritage Overview:**

HealthPRO Heritage is one of the largest independently owned therapy and related service providers in the country. The Company has gained national recognition as an innovative, diversified provider through its commitment to patient-centered care, clinical excellence, quality, and compliance. To continue this trajectory, the Company is dedicated to partnering with like-minded therapy providers who share in this commitment. Those who partner with HPH can rely on the support of a team of industry veterans who bring boundless talent, enthusiasm, and passion to delivering on their shared mission. Employing over 12,000 therapists, a partner can expect to join the Company’s extensive network of operations across 45 states with approximately 430 long-term care, 285 senior living, 815 home health, and 190 pediatric-focused contracts.

Over the last decade, HPH has grown both organically and through partnerships with culturally aligned organizations. This initiative has proven mutually beneficial, as the Company has expanded its reach and brought new talent and expertise to the HPH team while also providing partners with a level of financial stability, administrative support, and growth opportunity.

In general, HPH strives to enhance the quality of life of the individuals they serve and foster an environment for all to flourish by providing consistent quality care with honesty and integrity. For its partners, HPH strives to:

- Supply back-office support to allow therapists/founders to focus on patient care
- Provide fiscal support and guidance on future growth initiatives
- Provide an environment where therapists can exercise clinical judgment without restriction and in a compliant and ethical fashion
